Classification

FEATURES

- **Traffic cone (K5a)**, height 750 mm, weight 4.2 kg.
- Widened body to **increase visibility at high speed**.
- Body and base in **virgin PVC**.
- Groove and grip on the upper part for easy handling.
- Ergonomic base for easy pick-up in confined spaces.
- **One-piece** design: body and base are inseparable.
- Available in **class 2** (Orafol 5934).

PACKAGING

PALLET	QUANTITY
115 × 115 cm pallet	270 pcs
80 × 120 cm pallet	148 pcs

● CERTIFIED EN 13422

OUR USAGE RECOMMENDATIONS

- Recommended **on motorways and very high-traffic roads**: its widened body makes it visible earlier at high speed.
